

Split the desk. Keep the billings.

One trained assistant who runs your outreach, your sourcing, or both — with our systems behind them. **Two halves you can buy separately**, so BD never stops the week delivery gets loud.

WHAT THEY ACTUALLY DO · FOUR PILLARS

1 OUTREACH

Client conversations, running every day.

- LinkedIn campaigns + conversations
- Cold email sequences, built and sent
- Follow-up, reply triage, meetings booked

2 PRESENCE

The collateral that makes outreach land.

- Adverts written and posted
- Website, LinkedIn page and posts
- Case studies, mailers, market updates

3 SOURCE

Finding them, so you're talking to them.

- Mapping, longlists, boolean + x-ray
- Headhunting outreach to passive candidates
- MPC and float lists off your own bench

4 RUN THE DESK

Everything that currently eats your evening.

- Screening prep, CVs formatted to your spec
- Scheduling, references, compliance chasing
- ATS hygiene and pipeline reporting

OFFER 1 · PILLARS 1 + 2

Win The Work

Outreach + Presence — BD that never stops

\$1,500
PER MONTH

OFFER 2 · PILLARS 3 + 4

Fill The Work

Source + Run the Desk — delivery off your plate

\$1,500
PER MONTH

BOTH HALVES TOGETHER

Recruit Assist

One assistant, or one each side

\$1,500/mo covers one trained assistant. Point them at one half, split them across both, or run two — one per side — for \$3,000.

WHICH ONE IS YOU?

OPTION 1

Win The Work

"I only do BD when the desk goes quiet — and by then it's already too late."

Outreach stops being something you get to. It **runs every day**, whether or not you're in delivery.

OPTION 2

Fill The Work

"I'm winning roles I don't have time to fill properly. I'm turning work away."

Sourcing and the admin behind it come off your plate, so **you're interviewing, not searching**.

SEPARATE OFFER

The Unreplaceable Recruiter

"Capacity isn't it. I just sound like every other firm pitching the same client."

That's a positioning problem, not a time one — and that programme carries a **\$50K / 90-day pipeline guarantee**.

HOW IT'S DELIVERED

- ✓ **One assistant, ~40 hrs/week**, working only on your desk
- ✓ **Managed by us** — you get output, not a management job
- ✓ **Live work inside two weeks** — no job spec, no interviews, no ramp
- ✓ **Trained on recruitment** before they ever reach you
- ✓ **Our systems and campaign stack** included, nothing to licence
- ✓ **90-day terms** — replaced if the fit's wrong, buy-out path if it's right

YOU NEVER HIRE ANYONE

No job spec, no interviews, no payroll, no letting anyone go.

THE SINGLE BRAIN

Every tool, system and agent we've built — not just one seat.

NOTHING TO BUY ON TOP

Sequencing tools, data and licences are all included.

Stop choosing between BD and delivery.

A 20-minute call is enough to work out which side of your desk to take back first.
